She said she had the transcript which is stamped Top Secret. She asked if we were to retain this transcript and also whether we had seen the transcript. I told her I was not sure on either of these points but I would check and get back to her. She said she also wanted to reaffirm that OLC has complete control of all the Committee transcripts of our briefings. I assured her they were retained in this Office and that no one was allowed to take them out of the Office unless Mr. Cary or [redacted] gave their permission. She said that was fine, and that she would put this in their "guidelines" which she is writing now.
